RESPONSE TO NOTICE TO FILE CORRECTED  
APPLICATION PAPERS

SIR:

This paper is responsive the Notice to File Corrected Application Papers,  
dated February 8, 2002, received in the above-identified patent application.

MPEP § 503 states, "A postcard receipt which itemizes and properly  
identifies the items which are being filed serves as *prima facie* evidence of receipt in  
the USPTO of all the items listed thereon on the date stamped thereon  
by the USPTO."

Attached, as Exhibit A, is a copy of the date-stamped postcard, which clearly  
indicates the following enclosure:

Utility Application : 42 pgs. of specification (w/claims & abstract)

Exhibit A serves as *prima facie* evidence of the PTO's receipt of the abstract. Had the PTO not received the abstract in the initial mailing, according to MPEP § 503, the PTO should have crossed off and initialed the words "& abstract" and modified the page count of the specification from 42 to 41.

If necessary, the Applicants can submit additional evidence describing both the mailing procedures that are followed to ensure that the post-card accurately represents what is being transmitted to the PTO and indicating that such procedures were followed in this case, but the Applicants believe such evidence would be cumulative and is not necessary at this time.

For the PTO's convenience, the Applicants are also attaching the abstract as Exhibit B.

Applicants believe that there is no fee for this response, however, the Commissioner is hereby authorized to charge any additional fees which may be required to Deposit Account No. 06-0600. A duplicate copy of this letter is enclosed for this purpose.

Respectfully submitted,

William L. Putnam, Richard E. Wolpe
